

MONACO CONVERTIBLE BOND EUROPE

July 2017
Fund under Monaco Law

Investment Objective

The fund is suitable for clients seeking exposure to the European convertible bonds market. It is a financial instrument in which clients may invest part of their assets, with the recommended investment horizon being at least 4 years. The fund's objective is to generate capital gains in the medium term, and to outperform the Exane Convertible Bond Europe index (Bloomberg ticket: EECIEECI <Index>), representative of the European convertible bonds universe. If investing for a shorter period, the client must be warned about the volatility of the convertible bonds markets in the short run.

Fund Data

The fund has obtained the permit n°2010-02 dated September the 20th 2010 by the Commission de Contrôle des Activités Financières.

The complete prospectus is available to clients at any CMB branch.

Historic performance

Past performance is not a guarantee of future performance. It should be remembered that the value of investments may fall as well as rise, investors may not get back the amount of money invested, currency movements may have a negative as well as positive influence on returns and past performance is not necessarily an indicator of future performance. Any investment decision should be made solely on the basis of the information and risk warnings contained within the information memorandum and/or prospectus issued by or on behalf of the fund.
