

# CMB GLOBAL LUX - HIGH YIELD EQUITY

Fund under Luxembourg law

## Investment Objective

The fund is suitable for clients looking to build an exposure, in Euro, in stocks providing high dividend yield return on the international stock markets. It is a financial instrument, currency in Euro, in which the client may invest part of his assets with a recommended investment horizon of at least 5 years. The objective of the fund is more defensive, providing current income that exceeds the average yield on global stocks, a relative protection against inflation and a long term capital appreciation. In the case where an investment for a shorter time horizon is considered, the client should be informed about the levels of volatility and risk inherent to stock markets in the short run.

## Fund Data

The fund has obtained the permit dated November the 7th 2013 by the Commission de Contrôle des Activités Financières. The complete prospectus is available to clients at any CMB branch.
