INVESTMENT UNIVERSE AND PHILOSOPHY

The fund **MONACTION ASIE** invests in Asian equities with an emphasis on Japanese stocks and is hedged against FX risks.

The management is discretionary and conviction based with a GARP selection process, i.e. privileging earnings growth, strength of the balance sheet and long term gain potential.

RISK PROFILE

Lower risk/potential reward

Higher risk/potential reward

The risk indicator, based on past volatility, cannot cover all types of risks to which the fund may be exposed. It is possible that the past data used does not constitute a reliable indication of the future risk profile. The category associated with this fund is not a guarantee and can evolve with time. The lowest category is not synonymous with a "riskless" investment.

PERFORMANCE

Past performance is not a guarantee of future performance, nor is it constant with time and does not constitute in any case a guarantee of future performance.
